

## Inspire Us, Unite Us, Compel Us

*By Malcolm Gray*

### **Verse 1**

Lord, for Your glory revive us again  
Been hit by the storms, by the wind and the rain  
Feeling weary and fighting the pain  
Lord for Your glory revive us again

### **Verse 2**

Lord, in Your wisdom guide us through the night  
Been tempted to stop, nearly frozen with fright  
In the tunnel may hope be our light  
Lord in Your wisdom guide us through the night

### **Chorus**

Touch us, transform us, may Your face shine upon us  
Bless us and keep us, be gracious towards us  
Make us wise like the serpent and sweet as the dove  
Inspire us, unite us, compel us with love.

### **Verse 3**

Lord, by Your grace carry us to the lost  
We choose to rejoice though we've counted the cost  
Through scorching sun and shivering frost  
Lord by Your grace carry us to the lost

### **Chorus**

### **Bridge**

We'll work and ply with You, we'll weep and cry with You  
We'll soar and fly with You, lift the Name high with You  
We will rely on You, wait for supply from You  
We'll keep our eyes on You, We'll live and die with You

### **Chorus x2**
